STRONG SWIMMERS CONFIDENT KIDS

Group Swim Lessons

Have your child gain confidence in the pool with our monthly swim lessons. Teaching your child to swim can have significant benefits for both their health and safety! Children who participate in swim lessons are 88% less likely to drown. Swim lessons help children build confidence and social skills, improve motor development, and accelerate cognitive development. Our youth swim lessons are for children 3 years (must be potty trained) and up. Each skill level builds the preceding level and all classes cover the different strokes and safety skills. Lessons give instructional assistance in the different swimming strokes, safety around water, character development and confidence. We are offering two sessions for July: Tuesday/Thursdays and Saturdays with each lesson being 40 minutes in length. Make-up lessons will only be offered due to a YMCA cancellation or closure.
